Sir:

In response to the Notice of Non-Compliant Amendment mailed 2004 July 21, the following corrected section of Amendment A is submitted for consideration. The Notice of Non-Compliant Amendment indicated an unspecified non-compliance relating to amendments to the specification and that a complete listing of all of the claims was not present. As no amendments to the specification were proposed in Amendment A, the applicant interprets that the checkmark in the box beside "1. Amendments to the specification" on the Notice of Non-Compliant Amendment was misplaced and had been intended to be placed in the box beside "4. Amendments to the claims" that was unmarked. The applicant has confirmed this interpretation in consultation with the Examiner of the application. Accordingly, a corrected section of Amendment A comprising the amendments to the claims is hereby provided.
